## **ClearPath Statement Regarding the Passing of USNIC Founder, President & CEO David Blee**

WASHINGTON, DC – Thursday, January 2, 2020 – ClearPath Executive Director, Rich Powell made the following statement regarding the passing of United States Nuclear Industry Council Founder, President & CEO David Blee.

“As one of the greatest champions for the U.S. nuclear energy industry, David will be sorely missed. Whether on Capitol Hill or abroad, there was rarely an event that didn’t feature David advocating for clean energy and showcasing the American nuclear industry’s role addressing global emissions reduction. He was a good friend and advisor to many of us at ClearPath. And to quote David — it’s not game over, but game on in the clean energy race with China,” said Powell.
